

# Brisbane Valley Rail Trail : ipswich to fernvale

Concrete culvert near Fairney View station

## Where to Mountain Bike in South East Queensland

From the Fifth Edition of the bestselling book available online at [www.organisedgrime.com.au](http://www.organisedgrime.com.au) and from shops throughout SE QLD

The surface of the trail changes from sand to gravel to rocky ballast.

Good directional signage at Fernvale

Scale 1:100,000 (1cm = 1km)  
Contours 50m : 200m

The Brisbane Valley Rail Trail starts at Wulkuraka station which is also connected to Ipswich CBD by the Brassall Bikeway. This high quality bikeway leads from the station to the start of the rail trail and continues a further 2.8km to new residential developments. This section of the BVRT has three impressive 25m steel truss bridges along a 3m wide concrete path.

It is possible to catch a train to Wulkuraka to start the ride; a good jumping off point to ride to Fernvale (22km), Coominya (42km) or Esk (73km). You choose your own adventure.

This section varies, like the other sections of the BVRT, from wide sandy trail to grassy sections to rough stretches with exposed rocky ballast. Sometimes shaded, other times exposed; the trail changes all the time.

The Lloyds Road crossing over the Brisbane Valley Highway at Wanora is a challenge, but applying common sense and care will ensure a safe crossing.
