In the last few years the amount of singletrack at Jubilee Park has exploded thanks to the very active Toowoomba MTB club famous for the first competition level downhill track open to the public in south east Queensland. Mackenzie Frenzy Downhill shuttle drop off is at Harvey Street and pick up at Amos Road.

Due to the extent and variety of trails, Enduro, downhill and cross country events have also flourished. The club even has a women's only riding group who can be seen participating in events such as Chicks in the Sticks and the Hairy Mary.

If starting at the top of the escarpment the recommended route is from Bridge Street. Easy Rider, Defibrillator and Hyperlink are undulating contoured trails, providing a 3km return ride.

If starting from the Amos Road trailhead, climb Roller Cat to Highlife, ride down Calibre and up The Reaper and return to the start on Centrelink. This circuit is about 4.3km. Add another 4km to this route by riding up Canyonero and down Turkey.

Toowoomba trails can be rocky and rough. Be aware the soil is also very slippery when wet and sets like concrete, so avoid wet trails or wash your bike straight after the ride.

Where to Mountain Bike in South East Queensland
